Chief Rhoda Mae Kerr
Little Rock Fire Department
624 South Chester
Little Rock, AR 72201

Dear Chief Kerr,

On the late afternoon of Wednesday, September 21, 2005, we experienced a small but very intense grease fire, actually peanut oil, on our back deck. We dialed 911 and got a very prompt response from your station. The three young men that answered the call were proficient, courteous, and conducted themselves in most professional manner. These Little Rock firemen specifically are, Mr. Jeff West, Mr. Michael Doan, and Mr. Jeremy Jackson. These men exemplify what a fireman should be. I for one, speaking for my family, am proud to know them.

Sincerely,

Donald W. Colbert
